

We are Guelph

Stronger Together

Labour, students, and community promoting a Guelph vision for and by community members.

We are Guelph community members united in our commitment to transparent, community-driven leadership that serves every resident.

Our guiding philosophy is investment in a future that meets Guelph's needs. We are dedicated to housing affordability, public safety, greening our communities, good jobs, reliable transportation and smart growth.

As a candidate for the City of Guelph, I recognize that the decisions made in the 2026-2030 term will shape our community for generations. I hereby pledge my commitment to the following pillars of leadership.

Housing

Greening Our Communities:

	YES	NO
Net-Zero Commitment: Work collaboratively to reach Guelph's goal of becoming a net-zero carbon community by 2050	☒	☐
Accelerated Action: Reach Guelph's target of a 63% per capita reduction in GHG emissions by 2030 (against the 2018 baseline).	☒	☐
Green Building Standards: Advocate that all new municipal and residential developments comply with high-tier <u>Green Development Standards</u> .	☒	☐

Deeply Affordable & Green Housing

	YES	NO
Accessible Affordability: Prioritize mixed housing options where rent is capped at 30% of household income , with an emphasis on subsidized and deeply affordable accessible units.	☒	☐
Densification: Growth that prioritizes sustainability and densification with a focus on walkable neighbourhoods near transit and services.	☒	☐
Green Standards: Mandate that all new developments meet <u>Green Development Framework</u> (GDF) standards to ensure long-term energy efficiency and lower utility costs for residents.	☒	☐

Dignity in Basic Needs

	YES	NO
24/7 Safe Shelter: Ensure reliable, around-the-clock access to safe shelter and three nutritious meals a day for every resident in need.	☒	☐
Immediate Support: Maintain and expand emergency community grants to bridge service gaps for daytime drop-in spaces and food security.	☒	☐
Public Safety: Champion safety initiatives that ensure a secure environment for every neighborhood and every community member.	☒	☐

FOOD

Urban Agriculture & Sustainable Food Systems

	YES	NO
Community Garden Incentives: Promote and create	☒	☐

incentives for apartment, commercial, and municipal buildings to utilize **rooftops and planter boxes** for community food gardens.

Sustainable Infrastructure: Promote the integration of urban food production into smart growth planning to enhance local food resilience and reduce transport emissions.

Scaling Food Sovereignty & Support

YES

NO

Expansion of The SEED: Support an increase in funding for The SEED's sliding-scale grocery programs, which allow residents to pay what they can afford to ensure high-quality food access for all.

Neighbourhood Dining Halls: Support the expansion of the Guelph Neighbourhood Support Coalition (GNSC) to establish **neighborhood dining halls** in every ward, providing meals at cost through a community house model.

Surplus Food Recovery: Support strengthening networks between grocery stores and community service providers to redirect surplus food to those in need.

Employment

Protecting Vital Resources & Reclaiming Public Services

YES

NO

Water Sovereignty: Pledge to fiercely **oppose the privatization** of our local water supply and systems, ensuring they remain a protected,

publicly owned resource.

Opposing Privatization: Resist the contracting out of essential municipal work, ensuring services remain accountable to residents rather than profit margins.

Municipalizing Waste: Work to keep city composting operations under direct municipal jurisdiction and to have city works operate them; establish clear, mandatory bylaws for composting and waste sorting to ensure 100% community participation.

Economic Stability & Quality Employment

YES

NO

Secure Jobs: Promote a Guelph's "Living Wage" city by prioritizing secure, high-quality municipal employment and supporting local businesses that provide stable jobs, and tying new business approval and city-issued development incentives to a commitment to pay all employees a Guelph living wage.

Local Resilience: Support a "Guelph-First" procurement policy that aligns with the provincial Buy Ontario Procurement Directive, ensuring municipal bids for goods and services prioritize local, provincial, and Canadian suppliers.

Sustainable Jobs & Energy Future

YES

NO

Community Energy Initiative (CEI): Commit to the Guelph Community Energy Initiative as a driver for the "green-collar" economy, creating stable, well-paying jobs in renewable energy and building retrofits.

Protecting Worker Rights: Uphold and protect the rights of all workers, supporting fair labour practices and safe working environments as core components of Guelph's economic identity.

Transportation

Reliable & Equitable Transportation

	YES	NO
Modernizing Transit: Support a free, accessible, and safe transit system with optimized routing to reduce traffic congestion and carbon emissions.	☒	☐
Equitable Growth: Work to ensure that service expansion—from snow clearing to transit frequency—is distributed fairly across all neighbourhoods, meeting the unique needs of every ward.	☒	☐
Advocate for reliable bike and walking lanes/trails that are maintained year-round.	☒	☐

Taxation and accountability

	YES	NO
Lobby to increase Federal & Provincial financial support to municipalities, instead of increasing property taxes and fees to cover shortfalls and downloading of service provisions	☒	☐
Ensure value, quality, and transparency in tax spending through an open	☒	☐

review process that engages all community members in defining Guelph's priorities and needs.		
Direct city staff to create a vote dashboard that records councilors' votes.	☒	☐
